New Name, Same Format, Same Dates, Same Venue

SAME GREAT CONFERENCE

Building on the success of the popular Manitoba Construction Conference, **CSAM – THE Safety Conference** will provide everything Manitoba’s construction industry has come to expect from the MCC – top notch speakers, quality training at an affordable price, a superb exhibitor tradeshow, and of course, plenty of networking.

“**CSAM – THE Safety Conference** will pick up where the Manitoba Construction Conference left off – providing industry delegates with exceptional education and training that aids in the prevention of incidents, injuries and loss,” says Sean Scott, Executive Director, Construction Safety Association of Manitoba and MCC Co-chair for the last 10 years. “We take extreme care in ensuring that every person who attends – whether a registrant, exhibitor, instructor or guest – has a memorable and rewarding experience, and I promise that commitment to excellence will continue.”
